CHECKPOINT LOCATIONS

Please note: Most of the checkpoints are located in farm fields in remote locations. Postcodes provided for SatNav will take you to the approximate location only. For exact location please use the Ordnance Survey map reference or what3words*. Entrance to checkpoints will be well signed and there will be marshals directing traffic in and out.

*We have used **what3words** to generate a precise location for vehicular entry to each checkpoint. You can download the what3words app on a smartphone and also link it to your satnav.
